

Adoration for who God is and for things God can do that no one else can. Praise is given just because God is special, great, wonderful, etc. totally separate from anything that God has done for us or given us. We praise God because God is LOVE. We praise God because God is powerful.

Confession—Forgiveness: I'm sorry for And I will (specific action to take)

Thanksgiving: We thank God for what He has done for us or what He has given us. We thank God because He loves us and He shows us His love in many ways. We thank God because He made the world for us to live in. He gives us food, clothing, etc.

Supplication:

- **Help Others:** Pray for people in need, leaders, teachers, etc.
- **Help Me:** for my needs ... school work, obedience, sharing, health, etc.

BOTH: Help us think of others' feelings and help us love each other more than physical things.
